Please inform our Customer Service Department immediately of any error on your Member ID Card or any changes in name, address, phone numbers or email address.

Obtaining Care

You and your enrolled dependent may receive care and services from any of the participating medical, dental or pharmacy providers appearing in the most updated Participating Provider Directory. Care received in Guam and in any location in the U.S.A. must be received from a Medicare Participating Provider.

Once properly enrolled, Calvo's SelectCare will issue Member ID Cards for you and your eligible dependent(s) under the plan. We recommend that you carry your Member ID Card with you and present it to your health care provider to verify your coverage.

Participating Providers

For your convenience, Calvo's SelectCare has contracted with medical providers in Guam, The CNMI, Hawaii, the Continental United States and the Philippines to provide you with convenient access to quality medical care.

Please refer to your Schedule of Benefits and the Participating Provider Directory to determine which off-island providers apply to your plan. Because Participating Providers may change from time to time, we encourage you to call any Calvo's SelectCare Office for a more current listing should the need arise.

When visiting your doctor, arrive promptly for appointments and remember to call in advance if you must cancel. The plan does not pay for any fees or charges for any missed appointments.

Non-Participating Providers

Benefits obtained by non-medicare providers are not covered.

Calvo's SelectCare has contracted with a national Prescription Benefit Manager (P.B.M.). The local participating pharmacy providers work with our P.B.M. to dispense prescribed drugs and help manage the prescription drug benefits and Drug Formulary offered under your plan. The Drug Formulary is subject to change throughout the year.

For more information regarding the drug benefit under your plan, refer to your "Schedule of Benefit" section of this Handbook

Emergencies and Non-Emergencies

Calvo's SelectCare will follow Medicare's determination.

Your Payment Responsibilities

Premium

The periodic premium due for you and your dependent is normally handled by GovGuam through their payroll system. Please check with GovGuam for details on the employer premium contributions they may pay on your behalf.

Important Information on Off-Island Care

You are responsible for obtaining and providing to us any and all necessary information to process a claim for all services received at non-participating providers within 120 days from date of service.

Care obtained in any location in the U.S.A. must be obtained from a Medicare Participating Provider.

Co-Payments & Co-Insurances

After any applicable deductible is met, a Participating Provider should only collect the applicable co-payment or co-insurance from you and will bill Calvo's SelectCare for the remaining amount. Please refer to your Schedule of Benefits for the co-payment and co-insurance amounts for each specific benefit.

Non-covered and Non-approved Services

You are responsible for payments if you choose to receive services:

- Which are not listed on the attached Schedule of Benefits; or
- If they are specifically excluded on the Schedule of Benefits, this Handbook or the policy; or
- Services which were not approved through the plan's Pre-certification process when prior authorization is required.

Inpatient and Outpatient Medical Benefits

The following benefits are available on an outpatient basis when provided through a Participating Provider or approved through the plan's Pre-certification process. Refer to your enclosed Schedule of Benefits for the Co-payments or Co-insurance applicable to the specific benefits below.

Prescription Drugs

The Drug Formulary lists the preferred drugs covered by the plan. The Formulary indicates which are "Generic" Drugs and which are "Brand" Name Drugs. Brand name drugs not listed on the Drug Formulary and not on the Specialty Drug List are "Non-Formulary" Drugs. "Mail Order" is a process where you are able to receive up to a 90 day supply of your maintenance prescription drugs through the mail. Different Co-Payments apply for each type of drug; please check your Schedule of Benefits for the applicable Co-Payments.

- Non-Formulary drugs are covered only if medically necessary and if approved through the plan's Pre-certification process.

- A prescription unit is a 30-day supply or 100-unit supply, whichever is less.
- Prescribed Over-The-Counter drugs (Guam only)
- Insulin, syringes and blood glucose test strips are covered. Urine glucose test strips and lancets are not covered.

General Information

Pre-certification Process

Pre-certification is a process by which a medical provider obtains prior approval or authorization from the plan to perform certain treatment plans or provide covered services such as diagnostic testing, home health care, physical therapy, the procurement of durable medical equipment, Non-Formulary Drugs or Specialty Drugs.

Pre-certification is also the process of collecting information prior to certain inpatient admissions. The process permits advance eligibility verification, determination of coverage and communication with the physician and/or member. Pre-certification becomes more important when a member is traveling off-island by coordinating and streamlining the process to prevent any inconvenient delay of care to such member. In some instances, Pre-certification is used to inform physicians, members and other health care providers about cost-effective programs and alternative therapies and treatments.

Certain health care services require Pre-certification to ensure coverage for those benefits. When a member is to obtain such services through a local Participating Provider, this provider should pre-certify those services prior to treatment.

Pre-certification approvals are only valid for 30 days from date of approval, if services are not completed within the 30 days, then Pre-certification will be null and void.

If pre-certification is not obtained, the plan is only responsible for 50% of eligible charges. However, this only applies to medically necessary procedures, otherwise, the bill will be the member's responsibility.

Explanation of Benefits (EOB)

After a medical service is rendered to you, whether by a physician, clinic, lab, or hospital, a claim is submitted to Calvo's SelectCare for payment. An EOB will be mailed to you only if:

- You owe money beyond your normal co-payment, co-insurance or deductible,
- Additional information is required from you or your provider regarding the treatment from an accident,
- The treatment or service is excluded under your plan, or
- The limitations on specific benefits have been exhausted.

The amount stated on the EOB under "Employee's Responsibility" is the dollar-amount that you owe. The EOB will also state in boldface, "THIS IS NOT A BILL". You can expect to be billed that amount by your provider, or you might have already paid this portion of the bill at the time of treatment. It's good practice to compare their bill with the EOB to make sure that the amounts due agree.

Coordination of Benefits

You must tell us if you or a covered family member has coverage under another health plan. This is called "dual coverage". When you have dual coverage, one plan normally pays its benefits in full as the primary payer and the other plan pays a reduced benefit as the secondary payer. We, like other health plans, determine which coverage is primary according to the U.S. National Association of Insurance Commissioners' guidelines.

When we are the primary payer, we will pay the full benefits for which you are covered. When we are the secondary payer, we will determine our allowance. After the primary plan pays, we will pay what is left of our allowance, up to our regular benefit. We will not pay more than our allowance.

Medicare

Medicare is a U.S. health insurance program for:

- People 65 years of age or older.
- Some people with disabilities under age 65 years of age.
- People with End-Stage Renal Disease (permanent kidney failure requiring dialysis or a transplant).

Medicare has four parts:

- Part A (Hospital Insurance). Most people do not have to pay for Part A. If you or your spouse worked for at least 10 years in U.S. Medicare covered employment, you should be able to qualify for premium-free Part A insurance. Otherwise, if you are age 65 or older, you may be able to buy it.
- Part B (Medical Insurance). Most people pay monthly for Part B. Generally, Part B premiums are withheld from your monthly Social Security check or your monthly retirement check.
- Part C (“Medicare+Choice” now known as “Medicare Advantage”). The 1997 Balanced Budget Act expanded the types of private health care plans that may offer Medicare benefits to include medical savings accounts, managed care plans, and private fee-for-service plans. The new Medicare Part C programs are in addition to the fee-for-service options available under Medicare Parts A and B. The availability of Part C on Guam and the C.N.M.I. is limited.
- Part D (Prescription Drug Coverage). Medicare offers a prescription drug benefit. You can enroll in Part D only if you are enrolled in Part A or Part B. Those who wish to enroll in a Medicare Part D program must choose from a large list of approved drug plans. It is recommended that you contact the Guam Medicare Assistance Program under the Department of Public Health and Social Services at 735-7388 or Medicare directly at 1-800-633-4227 for information and enrollment assistance.

When Medicare benefits are your primary coverage, they will take the place of Calvo’s SelectCare benefits. Benefits allowed by Calvo’s SelectCare will be reduced by an amount equal to the amount paid by Medicare.

You must enroll in any Medicare program if it is available to you at no cost. Your Calvo’s SelectCare plan benefits will be reduced by the amount that Medicare would have paid, even if you are not enrolled. If you have questions regarding the plan’s coordination with Medicare benefits, contact our Customer Service Department.

Third-Party Liability

If you or any covered dependent are injured by the actions of another person (a third party), and receive compensation for your medical services, you will be required to reimburse Calvo’s SelectCare for the medical services we paid to treat your injury up to the amount of such compensation.

In such cases, you will be asked to complete the appropriate forms to assist in the recovery of expenses from the third party and their insurer. Calvo’s SelectCare members are asked not to settle any claim or release any person from liability without the written consent of Calvo’s SelectCare. Should you compromise your claim without recognizing Calvo’s SelectCare’s claim for reimbursement, Calvo’s SelectCare has the right to initiate legal action against you to recover its claim.

Stop Health Care Fraud

Fraud increases the cost of health care for everyone. Here are some things you could do to prevent fraud:

- Be wary of giving your Calvo’s SelectCare member number over the telephone or to people you do not know, except to your doctor or other provider.
- Avoid using health care providers who say that an item or service is usually not covered, but they know how to bill us to get it paid.

- Carefully review any Explanation of Benefits (EOB) that you receive from us after we process your claim.
- Do not ask a doctor to make false entries on certificates, bills or records in order to get us to pay for an item or service.
- If you suspect that a provider has charged you for services you did not receive, billed you twice for the same service, or misrepresented any information, do the following:
 - Call the provider and ask for an explanation. There may be an error.
 - If the provider does not resolve the matter, call your Calvo’s SelectCare office and explain the situation.
- Does not maintain as a family member on your plan:
 - Your former spouse after a divorce decree or annulment is final,
 - Your child over age 26 unless he/she is disabled and incapable of self support.

Grievance & Appeals Procedures

Calvo’s SelectCare believes that member complaints can be one of the best sources of information for the plan. A member who has a complaint or criticism can be our best customer over time if the complaint is handled quickly and fairly. We believe that effective and efficient complaint handling is aimed at member retention; it is important to establish a process whereby our members can address their complaints or grievances directly with the health plan in order to come to a fair and equitable resolution.

Calvo’s SelectCare will make every attempt to resolve any concerns that you may have. When Calvo’s SelectCare denies payment of a claim or disapproves a Pre-certification/authorization of a service and if you do not agree with the decision, you need to let us know within 60 days of the denial. We urge you to call our Customer Service department to see if we can resolve the concern over the phone.

If we are unable to resolve your concerns or if our solution is unacceptable to you, you have the right to submit a formal appeal through the Grievance & Appeals Procedure described below and in the group contract between your employer and Calvo’s SelectCare.

Our Grievance & Appeals process may involve 3 stages of reviews and appeals, (1) The Internal Review Process, (2) The External Review Process, and (3) Binding Arbitration. The time frames indicated below are for non-critical grievance reviews. Calvo’s SelectCare will make every effort to expedite any review process where a delay may reasonably appear to seriously jeopardize a member’s life or health or jeopardize a member’s ability to regain maximum function.

To initiate the **Internal Review** process, a Grievance Form or letter should be completed by you and submitted to our Grievance Coordinator. It should include the following information:

- Subscriber’s ID number
- Subscriber’s name
- Patient’s name
- The nature of the grievance arising
- The factual circumstances giving rise to the grievance
- A summary of the actions already taken
- A statement about the desired remedy sought for the situation
- Any other information that may be helpful for the review

You may be assisted or represented by a person of your choosing, including a family member, employer representative or attorney provided you complete and sign an authorization form.

The Grievance Coordinator will gather all the material provided in the request for review, along with other needed information from other departments and the medical provider to conduct a thorough review of the grievance.

During the Internal Review process, the Coordinator will consult with our Utilization Manager and Medical Director for all cases relating to Medical Necessity and will consult with the Plan Administrators for all cases related to coverage and benefits. You will be notified of our decision in writing within 10-15 working days from receiving the complaint.

If you disagree with our decision, you have the right to an External Review Process and have our decision reviewed by independent health care professionals who have no association with us if our decision involved:

- Making a Judgment as to the Medical Necessity,
- Appropriateness, Health Care Setting,
- Level of Care, or Effectiveness of the Health Care Service or Treatment you requested.

You must submit a request for External Review within 4 months after receipt of our denial to the Office of the Insurance Commissioner (Insurance and Banking Division, Dept. of Rev & Tax Bldg. in Barrigada - phone: (671) 635-1846).

A decision will be made within 45 days of receiving your request. If you have a medical condition that would seriously jeopardize your life or would jeopardize your ability to regain maximum function if treatment is delayed, you may be entitled to request for an **Expedited External Review** of our denial. If our denial to provide or pay for health care services or course of treatment is based on the determination that the service is Experimental or Investigation, you also may be entitled to file for a request for External Review of our denial. For details, please review your Benefit Plan Document, contact us or the Office of the Insurance Commissioner.

After-hours Care

Sometimes you may have a medical problem that is not an emergency and your doctor's office is closed. At those times, you can use one of Calvo's Urgent Care Services (After Hours Services).

Here are some examples of Urgent Care or After Hours Services:

- Sore throat
- Back pain
- Headache
- Cold
- Minor injury
- Flu
- Ear ache
- Cuts & minor wounds
- Frequent urination

Call your primary care doctor for help in getting these urgent, after-hours services.

Advance Directives

Advance Directives are written instructions that tell your doctor what kind of care you would like to have if you were in a serious medical situation that would make you unable to make medical decisions. They do not take away your right to decide about your current healthcare needs.

Advance Directives include the following:

- **Living Will** allows you to specify or limit the kinds of life-prolonging procedures you wish to receive if you become unable to make medical decisions.
- **Life Prolonging Declaration** allows you to specify your wish to receive life-prolonging procedures that would extend your life if you become terminally ill and unable to make medical decisions.
- **Health Care Surrogate Designation** allows you to name someone else to make health care decisions for you should you become unable to make health care decisions. The other person can be a husband, wife or friend.
- **Appointment of Durable Power of Attorney for Healthcare** allows you to name an agent or proxy (substitute person) to make your health care decisions if the time comes that you are unable to do so.

The Guam legislature has provided statutes governing the content and use of a living will declaration. Refer to Guam Health and Safety Code, Title 10, Div. 4, Chapter §9110 to §9117 for specific information.

If your doctor has a copy of your Advance Directive, he/she will be able to honor your choices. If he or she cannot then they will let you know why they will not.

To download an Advance Directive form go to: www.lifecaredirectives.com

If you have questions about Advance Directives call Calvo's SelectCare at 671-477-9808.

End of Life Care

End-of-life care is the term used to describe the support and medical care given during the time surrounding death. Such care does not happen only in the moments before breathing ceases and the heart stops beating. Older people often live with one or more chronic illnesses and need a lot of care for days, weeks, and even months before death.

In the final stages of many terminal illnesses, care priorities tend to shift. Instead of ongoing curative measures, the focus often changes to palliative care for the relief of pain, symptoms, and emotional stress. Ensuring a loved one's final months, weeks or days are as good as they can be requires more than just a series of care choices.

Examples of end of life care include:

- **Practical care and assistance** with routine activities when a loved one can no longer talk, sit, walk, or eat. These tasks can be supported by personal care assistants, a hospice team, or physician-ordered nursing services.
- **Hospice** is typically an option for patients whose life expectancy is six months or less, and involves palliative care (pain and symptom relieve). Hospice care can be provided onsite some hospitals, nursing homes, and other health care facilities, although in most cases hospice is provided in the patient's own home.
- **Comfort and dignity** – when the patient's cognitive and memory functions are depleted help to ease discomfort and provide meaningful connections to family and loved ones.
- **Respite Care** – to give you and your family a break from the intensity of end-of-life caregiving. It may be simply a case of having a hospice volunteer sit with a patient for a few hours so you can meet friends for coffee or watch a movie, or it could involve the patient having a brief inpatient stay in a hospice facility.
- **Grief support** with bereavement specialists or spiritual advisors to help you and your family prepare for the coming loss.

Off-Island Care

The following was developed to assist members with the off-island referral process.
Please contact our office for any additional assistance you may require.

Referral Procedures

- Visit the Calvo's SelectCare office to see a Customer Service Representative at least four (4) weeks prior to departure. It is advisable not to purchase airline tickets without a confirmed off-island doctor's appointment. You will be asked to complete our Off-Island Appointment Request Form. Among other things, this form is used to convey your preferred off-island facility, appointment dates and the required level of care and provides us with additional information to better serve your off-island needs. Your Representative will be able to provide you with the necessary information for you to make the best possible choices regarding your off-island medical care.

Required Documents

- Off-island medical referral from your local doctor.
- Medical Records related to your illness. You will likely need to bring these records with you to present to your off-island provider.
 - Copies of diagnostics tests such as Ultrasound, X-Ray, MRI, CT Scan, Biopsy Reports, Pathology Slides, Angiogram CD, and any other pertinent records.
 - Most Recent Blood Tests/Laboratory/Pathology and other diagnostic procedure results.
 - If you were recently discharged from a hospital, please bring the Discharge Summary, Laboratory Results, and any Operative Reports.
- Completed Calvo's SelectCare form authorizing us to receive health information from your off-island provider.
- Calvo's SelectCare Member ID Card and a picture ID.
- Please allow us time to review your request, generate the necessary paperwork, and confirm acceptance by a physician and/or facility. Most delays in processing are due to appointment unavailability, changes in schedule, and/or incomplete records. All appointments are subject to provider and facility availability and there may be a waiting period until your scheduled appointment.
- A Guam Memorial Hospital Social Worker may provide assistance for Hospital-to-Hospital transfers, so please communicate with them as they have standard procedures and protocols for Hospital-to-Hospital transfers.
- When a referral packet is ready, we will call you for pick-up. Anticipate and allot 30 minutes of your time to review the off-island referral packet and sign any necessary documents.

Additional Information and Suggestions

- **Passport:** It is recommended that you always have a valid passport with more than 6 months prior to its expiration. This document is necessary to travel and seek care with our providers outside the United States, especially in cases where a medical transfer or evacuation is necessary.

This is a legal document in which a person specifies what actions should be taken for their health if they are no longer able to make decisions for themselves because of illness or incapacity.
- For travel and lodging arrangements, you should register and coordinate with the Guam Medical Referral Office on Guam (671-475-9350) or their satellite offices in the Philippines, Hawaii and California as they may be able to assist you with lodging and travel arrangements.
- Completed Fitness for Travel Forms may be required by the airline and must be obtained from your referring physician prior to 10 days of departure and forwarded to the airline for their review.

Summary of Federally Mandated Programs

Calvo's SelectCare is pleased to provide this summary as a means of keeping you better informed as decision-makers and consumers of health care. We are committed to meeting all the requirements and certifications outlined in these federally mandated programs.

Family and Medical Leave Act of 1993

This act entitles eligible employees to 12 work weeks of unpaid leave during a 12 month period for any of the following reasons:

- The birth of a child or placement of a child for adoption or foster care;
- The care of a child, spouse, or parent who has a serious health condition;
- The employee's own serious health condition that prevents performance of his or her job.

Employers are required to allow any employee who is out on family and medical leave to be enrolled in the group health plan.

Health Insurance Portability and Accountability Act (H.I.P.A.A.) of 1996

The Health Insurance Portability and Accountability Act (H.I.P.A.A.) offers new protections for employees that improve portability and continuity of health insurance coverage.

H.I.P.A.A. protects employees and their families by:

- Limiting exclusions for pre-existing medical conditions to 12 months or 18 months for late enrollees;
- Provides credit for prior health coverage;
- Provides new rights that allow individuals to enroll for health coverage when they lose other health coverage or add a new dependent;
- Allows for only a 6 month look back period regarding illnesses;
- No pre-existing condition for newborns, adopted children and pregnancy;
- Prohibits discrimination in enrollment and in premiums charged to employees based on health status and related factors.

Certificates of Creditable Coverage must be automatically provided by the plan when an individual loses coverage under the plan. Certificates of Creditable Coverage must be provided, if requested, before losing coverage or within 24 months of losing coverage.

Special Enrollment Rights are provided for individuals who lose their coverage in certain situations and for individuals who become a new dependent through marriage, birth, adoption or placement for adoption.

Newborns' & Mothers' Health Protection Act of 1996

The Newborns' and Mothers' Health Protection Act (the Newborns' Act) puts the decisions affecting length of hospital stays following childbirth in the hands of mothers and the attending providers.

The Newborns' Act and its regulations provide that health plans and insurance issuers may not restrict a mothers' or newborns' benefits for a hospital length of stay that is in connection with childbirth to less than 48 hours following a vaginal delivery or 96 hours following a delivery by cesarean section. However, the attending provider (who is a person such as the mother's physician or nurse midwife) may, in consultation with the mother, discharge earlier.

The Newborns' Act and the new regulations, also prohibit incentives in any way (positively or negatively) that could encourage less than the minimum protections under this act as described above.

Patient Protection and Affordable Care Act (PPACA)

The enactment of the Patient Protection and Affordable Care Act (PPACA) was enacted into law on March 23, 2010 and amended by the Health Care and Education Reconciliation Act of 2010 (HCERA), and are both collectively referred to as the Affordable Care Act (ACA). ACA launches an overhaul of the health care system wherein changes to the American Health Care system will take effect in stages up through 2018 and beyond. Several changes which are in effect as of September 23, 2010 are as follows:

- Coverage for children until age 26. Parents will be allowed to keep their children on their health plans until age 26.
- Lifetime Limits. All existing health plans will be prevented from imposing lifetime limits on coverage in group and individual health plans.
- Preventive Health Services. Group and individual health plans must provide first dollar coverage for preventive coverage.
- No coverage rescissions. Health Insurance companies may no longer cancel insurance policies unless there is proof of fraud.

Women's Health and Cancer Rights Act Of 1998 (W.H.C.R.A.)

The Women's Health and Cancer Rights Act contains protections for breast cancer patients who elect breast reconstruction in connection with a mastectomy. In certain cases, plans offering coverage for a mastectomy must also cover reconstructive surgery in connection with a mastectomy.

Under the Act, reconstructive benefits must include coverage for:

- Reconstruction of the breast on which the mastectomy has been performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses and physical complications at all stages of mastectomy, including lymphedemas.

Please be advised that benefits under this act may be subject to annual deductibles and co-insurance consistent with those established for other benefits under the plan.

Mental Health and Addiction Act of 2008

This act took effect on January 1, 2010. It requires employers that offer a health insurance plan with mental health coverage to provide the mental health benefits at the same level as medical and surgical benefits, including deductibles, Co-Payments, out-of-pocket expenses, inpatient stays, and outpatient visits. The law ends limits on mental health coverage if a company's plan does not have similar limits for physical ailments.

That means you will still be required to provide the necessary substantiation of the expenses in order to receive payment.

Confidential Communication: You have the right to request that we communicate with you about health matters in a certain way or at a certain location. For example, you may ask that we contact you only at home or only by mail. If you want us to communicate with you in a special way, you will need to give us details about how to contact you, including a valid alternative address. You also will need to give us information as to how payment will be handled. We may ask you to explain how disclosure of all or part of your health information could put you in danger. We will honor reasonable requests. However, if we are unable to contact you using the requested ways or locations, we may contact you using any information we have.

Access to and Copies of PHI: With certain exceptions (i.e., psychotherapy notes, information collected for certain legal proceedings, and health information restricted by law), you have a right to access the PHI held by TMPI or the Plans in their enrollment, payment, claims adjudication, and case or medical management records systems that are used by the Plans in making decisions about you (the "Designated Record Set"). To the extent PHI is maintained electronically, you have a right to request an electronic copy of those records. We may charge a reasonable, cost-based fee for copying, mailing, and transmitting the records, and the cost of any specific media you request, to the extent allowed by state and federal law.

To ask to inspect your records, or to receive a copy, send a written request to the Privacy Official listed at the end of this notice. Your request should specifically list the information you want copied. We will respond to your request within a reasonable time, but generally no later than 30 days. If your Health Plan cannot respond to your request within 30 days, an additional 30 days is allowed if that Health Plan provides you with a written statement of the reason(s) for the

delay and the date by which access will be provided. We may deny you access to certain information, such as if we believe it may endanger you or someone else, in which case we will also explain how you may appeal the decision.

Amend PHI: You have the right to ask us to amend PHI contained in the Designated Record Set held by TMPI or the Plans if you believe that PHI is not correct, or not complete. You must make this request in writing, and give us the reason you believe the information is not correct or complete. We will respond to your request in writing within 30 days. Any amendment we agree with will be made by an addendum. We may deny your request if we did not create the information, if it is not part of the records we use to make decisions about you, the information is something you would not be permitted to inspect or copy, or if it is complete and accurate.

Accounting of Disclosures: You have a right to receive an accounting of certain disclosures of your information to others. The list will include dates of the disclosures, the names of the people or organizations to whom the information was disclosed, a description of the information, and the reason. We will provide the first list of disclosures you request at no charge. We may charge you for any additional lists you request during the following 12 months. You must request this list in writing, and indicate the time period you want the list to cover. We cannot include disclosures made prior to the most recent 6 year period (the longest period that records of disclosures are maintained). Disclosures for the following reasons will not be included on the list: disclosures for treatment, payment, or health care operations; disclosures incident to a permitted use or disclosure; disclosures as part of a limited data set; disclosures to your family members, other relatives, or friends who are involved in your care or who otherwise need to be notified of your location, general condition, or death; disclosures for national security purposes; certain disclosures to correctional or law enforcement personnel; disclosures that you have authorized; and disclosures made directly to you or your representatives.

Right to Notification of Breach of Unsecured PHI: We will comply with the requirements of HIPAA and its implementing regulations to provide notification to affected individuals, HHS, and the media (when required) if TMPI, a Plan or a business associate discovers a breach of unsecured PHI.

Rights More Stringent Than HIPAA: In certain instances, protections afforded under applicable state or territorial law may be more stringent than those provided by HIPAA and are therefore not preempted. We will comply with applicable state or territorial law to the extent it is more stringent than HIPAA with regard to requested disclosures of records (i.e., if we receive a subpoena for your PHI, and the state or territory in which you live requires your written consent or a court order to disclose the type of records requested).

Paper Copy of this Privacy Notice: You have a right to receive a paper copy of this notice. If you have received this notice electronically, you may receive a paper copy by contacting the office of the Privacy Official listed at the end of this notice.

Future Changes to this Notice: We reserve the right to change this Notice and the privacy practices of TMPI or the Plans covered by this Notice. We reserve the right to make the revised or changed Notice effective for health information we already have about you as well as any information we receive in the future.

If this Notice is maintained by TMPI or the Plans on a website, material changes will be prominently posted on that website, and information regarding the updated Notice will be made available in TMPI's or your Plan's next annual mailing. If the Notice is not maintained on a website, copies of the revised Notice will be made available to you within 60 days of a material change.

Complaints: You have a right to complain if you think your privacy has been violated. We encourage you to contact our Privacy Official. You may also file a complaint with the Secretary of the Department of Health and Human Services. We will not retaliate against you for filing a complaint.

Office of the Privacy Official: If you have any questions regarding this Notice or if you wish to exercise any of your rights described in this Notice, you may contact the Privacy Official at:
