This Formulary Drug List is a guide that lists only the most commonly prescribed generic (in bold) and preferred brand name medicines (in gray). Some drugs may be limited to specific dosage forms and/or strengths. It may not include all drugs covered by your plan.

Coverage and required co-payments on all medications depend on the specific benefits of your plan. Please see your Schedule of Benefits and Member Handbook for details.

**Important:** The medications on this Formulary Drug List are subject to change at any time and the presence of a medication on this list does not guarantee coverage.
